

TRONMARS

The newest ROI Smart Contract in the Tron Space
<https://tronmars.space/>

WHAT IS TRONMARS?

TRONMARS is a unique community-based Smart Contract built on Tron Blockchain Technology. Fully decentralized, verified and transparent,

TRONMARS offers the easiest and most efficient way to earn an active and passive income.

TRONMARS as a Community driven and Crowd-Funding Project is designed to provide everyone with financial support found.

There are no mediators or intermediaries, no owners, no company or human interaction, guaranteeing the fairness of all participating partners and partners funds according to the rules of the Smart Contract.

HOW DOES IT WORK?

TRONMARS smart contract generates 5% dividends per day based on your contribution and distributes it to your wallet automatically without any referral conditions needed.

By depositing TRX to the TRONMoon SC, you will activate the contract code and you will receive the first 5% daily return every 24 hours.

Active for 60 Days cycle your deposits will mature a total of 300% in commissions for each deposit received as support to the community.

When the 300% support is received, a new deposit must be necessary to activate a new 300% limit and continue receiving from the fund.

HOW TO START?

- Download any Wallet compatible with TRON (TRX).
(TronLink, Klever, TokenPocket..)
